Hahn and Burman in Readiness for Bout Attabous BASEBAL

Philly and Chicago Bantams Each Enter Ring Confident of Winning Referce's Decision-Good Preliminaries Between Local Boys.

BY BOB PIGCE.

AVING COMPLETED their training grind, Bernie Hahn of Philadelphia, and Joe Burman, of Chicago, announce that they are in readiness for the gong that will send them away from the post at the Southern Athletic club Monday night in an eight-round bout. Both boys added the finishing touches to their training Sunday afterneon before a large assemblage of fight fans and made tine impressions upon those who saw them in their limbering-up exercises. Itahn and Burman both appear to be in excellent condition and state that they will have no alibi in case they lose.

But say for me that this is final."
But something seems to have gone wrong. The attraction of civilian life must have been too poor and the bonds too light. At any rate Frank intends to return to the old life with the first twitter of the birds.

Manush is an old Southern leaguer of much prominence and popularity. His greatest fame was established in New Orleans and Atlanta, where he was quite a star. Later he went to Cleveland and made good in the Major pack. Frank broke in about the same time that Tris Speaker was starting in Boston and never forgets one startling catch the Texan made at his expense. It happened that Frank stepped into a fast ball and delivered a long drive seven kilometers into centerfield.

Speaker was off like a flash and with a miraculous stab pulled down the drive with one hand. Manush had just rounded second when the catch was made.

DE SOTO LEAGUE.

Jack Dempsey should follow the tip of Georges Carpentler if he ever usets a British heavyweight in a London ring. The only safe way to win a decision against those lads is to knock them cockeyed in the first round. If they ever get up you never have a chance. British grit is too wonderful a thing to be overlooked by a London referee.

At that Carpentler would not be expected to last so long with Dempsey. The world's champion is too powerful a puncher for the French wizard. Americans will lay 5-1 on Dempsey if they ever meet.

It is a meral certainty that Moore will not knock him out unless he shows more kick than he has had to date. But he should outpoint him by a safe nargin. If Ledoux can win Paris will blow wide open from excitement.

The DeSoto league furnished two exciting games Sunday afternoon at hodges field on a field which was slow and muddy but did not dampen the interest of the players or spectators who turned out in good numbers. In the opening game the Smart Millinery team registered a win over the Wades Millers by the score of 3 to 9, which is incidentally, the first time the Wades have been defeated in an official game this season. However, the Wades tasted defeat some five weeks ago at the hands of the Y. M. I. in a practice game. The second game was a continuation of the unbroken string of wins for the Y. M. I. who defeated the Royal looting boys 3 to 1.

The first game was a contest where the Smarts appeared to be the best mud horses. The ball was wet and oftentimes a player would spill himself into a veritable lake of water. Manager Hockersmith, who has astounded the soccer fans with the brilliant lineup has furnished in a short space of time, hardly had his usual good lineup out for Shaday's game.

However, this should not detract the credit for the winning of the Smart Millinery team, who played a vastly improved game. Reams outshone the field from the Smart Millinery boys end with his brilliant play and it is doubtful if he ever put up a more creditable performance. Giff, Martin, Mead, Brooks, Arnault and various others of the Millinery team seem to be improving steadily. The Wades got some good work from Walsh, Wilson and Turner.

Goals, Crutchfield, Mead, Martin.

The second game looked fairly even for some few minutes of play when the forwards of the Millinery team seem to be improving steadily. The Wades got some good work from Walsh, Wilson and Turner.

The second game looked fairly even for some few minutes of play when the forwards of the Y. M. I. got loose and peppered the bail down the opposition lines for goal shots and close misaes. The Royals played with their back to the wall and for their limited experience and encouragement it must, be said that they performed or the V. M. The last wallop, of surprising force, delivered by Moore landed athwart the private law of Champion Kid Williams.

The Kid had signed with Moore for eight rounds at the Southern and had leoked for a snap. Moore was but a challenger, and while a great favorite in the South, was far from being a prominent figure in the boxing world.

At the same time the lad was confident and not in the least worried over the outcome. He even drifted off to sleep 30 minutes hefore the bout standed and had to be awakened to get ready. During the course of the proceedings Williams was dropped twice by solid punches to the jaw. His first knockdown produced the longest face that Manager Sammy Harris could show, but when the king went down for the second time Harris was wild with excitement and crazy with fear.

Visions of a lost title were coming thick and fast, but Moore lacked the proper drive to carry him acroes. Since that time he has been unable to cultivate the kick to a winning degree and, in fact, has never again shown the power employed against the champion's rocking bean.

Hub Purdue, free agent, has been made an offer by Little Rock, but Hub says he prefers to play in New Orleans and will accept no offers until he is positive the New Orleans club thinks it can do without him.
